Special Programs Midterm Exam Schedule - Spring Semester 2023/2024

Day	Date	8:30 - 9:30	10:00 - 11:00	11:30 - 12:30	1:00 - 2:00
Saturday	30-03-24	Data Structures	Network Defending Lab	Artificial Intelligence	
Sunday	31-03-24	Introduction To Data Science Software Requirement Analysis	Secure Programming Deep Learning Applications Lab Selected Labs in Networks-1	Software Maintenance and Forecasting and Predictive Analytics Networks-1	
Monday	01-04-24	Marketing and Sales	Data Mining Selected Labs in Networks-2 Big Data and Data Science Lab	Adv. Software Engineering Tools Lab Networks and Web Programming Computer Graphics Software Security	
Tuesday	02-04-24	Mathimatical Optimization Software Process & Quality	Probability and Statistics-2 Selected Topics in Software Data Science for Bioinformatics Lab Applied Data Science	Human Computer Interaction Advanced Cryptography Biological Sequence Analysis Data Visualization Lab	
Wednesday	03-04-24	Cryptography Software Modeling	Distributed Systems Cloud Computing & Network Selected Topics in Computational Selected Topics in Data Engineering	Concepts of Programming Languages Networks -2 Bioinformatics Business Process Management	
Thursday	04-04-24	Introduction to Database Systems	Computaional Biology Networks and Mobile Security	Software Testing Computer Security and Privacy Usability Engineering Selected Topics in Information	Computation Theory
